Analysis Options

Please make your selection of how you would like to group the data presented in the custom report. You can only choose one analysis option per report.

- **Analysis by Positions** - groups the data by the Positions chosen in the Positions Options section.
- **Analysis by Position/Location** - groups the data by the Position/Location chosen in the Position/Location Options section.
- **Analysis by Locations** - groups the data by the Locations chosen in the Locations Options section.
- **Analysis by Revenue** - groups the data by the Revenue chosen in the Revenue Options section.
- **Analysis by Industries** - groups the data by the Industries chosen in the Industries Options section.
- **Analysis by Combination** - presents the data results as a combination of all of the options chosen. (e.g. Position 130 from Calgary & Edmonton AND Advanced Technology Industry AND Revenue between \$50Million & \$250Million.)
